### Education

**Prof. Ram Meghe Institute of Technology and Research**

B.Tech in Electronics & Telecommunication with Minor in Computer Science

**SGBAU, Amravati**

2027

### Experience

**Growth Magnet Studio**  
**AI & Automation Intern**

**Remote**

December 2024 - February 2025

- Engineered and deployed AI-driven automation workflows using n8n for a diverse client portfolio, improving lead generation, streamlining client onboarding, and increasing operational efficiency through end-to-end process automation.

**Business Analyst Intern**  
**Technominds IP solutions**

**Remote**

October 2024 - December 2024

- Developed a prospect pipeline and supported client acquisition initiatives through lead research, qualification, and business opportunity analysis.

### Projects

**Ayurchain: Blockchain-Based Authentication and Traceability system for Botanical herbs.**

November 2025 - Present

- Developed a **full-stack platform** to track the supply chain of herbs used in **Ayurveda**, ensuring authenticity and transparency.
- Implemented a **blockchain ledger** for tamper-proof traceability from farm to consumer.
- Built a **QR-based verification system** to view product origin and certifications.
- Integrated an **AI assistant** for Ayurvedic herb and remedy guidance.

### Leadership & Activities

**Entrepreneurship Cell, PRMIT&R**  
**Vice President**

**Amravati, Maharashtra**

August 2025 – Present

- Led a 45-member cross-functional team to organise entrepreneurship and tech events, engaging 500+ participants.
- Conducted workshops and mentored 10+ students in project development using Python, AI, and cloud tools.
- Leveraged data analytics and digital platforms to improve outreach and event efficiency.
- Secured 25th rank among 9,000 teams at NEC'25 (IIT Bombay) by solving real-world problem statements through critical thinking, teamwork, and strategic decision-making.

### Skills & Interests

**Technical:** C, C++, Python, JavaScript, SQL, Mongodb, Machine Learning, Django, Docker, Gradle, Blockchain, Git, Github, NodeJS, ReactJS

**Language:** Marathi — Native (Mother Tongue), English — Fluent, Hindi — Fluent, Japanese — Beginner

**Interests:** Hiking (exploring new trails and endurance treks)
